

Dear Specialty Sound & Vision Dealer,

*See the best-selling products of 2010...
at CES 2010!!!*

Brought to you by Specialty Sound and Vision

ANTHONY GALLO ACOUSTICS: Venetian Tower Suite 29-332

Anthony Gallo Acoustics will be showing their full line of speakers as well as featuring their newest models, the Reference 3.5 and Reference Strada.

ARCAM and AMERICAN AUDIO AND VIDEO: Venetian Tower Suite 29-331 & 29-333

ARCAM and their North American distributor, AAV, will be demonstrating their line up of premium home theater products, including the AVR-600 A/V Receiver, AV-888 Pre/Pro & matching P-777 seven channel amplifier. ARCAM will also show their newly released AVR-500 A/V Receiver, the \$3799 sibling for the AVR-600. Movies and music demos will be served up via ARCAM's forthcoming Blu-Ray player. Another product making it's Las Vegas debut will be the new Solo Neo. Their legendary integrated amps & CD players will also be on hand to round out the ARCAM experience.

BEYERDYNAMIC: South Hall - Booth 21869

Beyerdynamic is a new addition to American Audio and Video's and Specialty Sound and Vision's product mix. We are very pleased to represent this legendary headphone manufacturer.

dCS LTD.: Venetian Tower Suite 30-128

dCS will be demonstrating their full line of world class digital music playback systems, including the Scarlatti, Paganini and Pucini CD/SACD transports, DAC's and Master Clocks. dCS will most likely be showing a new entry level DAC with USB connectivity.

NAD: Venetian Tower Suite 29-336

NAD will be demonstrating the new "game changing" M2 Direct Digital Amplifier, as well as showing the latest in their Master Series, including the M15HD Preamp/Processor, featuring their anti-obsolescent MDC (Modular Design Concept) destined to be the upgradeable cornerstone to your clients' home theaters. The new M56 Blu-Ray player, the icing on top of the Masters Series home theater stack. NAD will also be demonstrating the C375BEE 150 wpc integrated amp, the reviewers sweetheart that's sure to become another real NAD Classic. You will also have the chance to see some of NAD's newest additions to their Classic Series MDC A/V receivers. Things like, Control4 on-board control integration and more.

NORDOST: Venetian Tower Suite 29-125 & 29-127

Nordost will be demonstrating their line up of Reference and Supreme Reference interconnects, speaker cables, power cords and power distribution products, including Tyr, Vallhala and Odin. Also on display will be the Quantum Resonant Technology power purification products. Nordost will also be introducing new products at CES, more to come.

SIGNAL PATH: Venetian Tower Suite 30-331

You've seen it on the cover of the August Stereophile, it was awarded Stereophile's 2009 Budget Product of the Year, now audition Peachtree Audio's NOVA! Hear your iPod, Sonos, Squeezebox, Airport, AppleTV or Computer like never before with Peachtree's highly acclaimed and extremely popular Nova...a world-class integrated amp, DAC...and more.

Peachtree Audio will be debuting two new exciting products at the 2010 CES, the new iDecco (\$999), the first integrated amp that has a built-in iPod dock "hardwired" directly to the on-board ESS Sabre DAC.

Joining the iDecco and making its return...its that old favorite, the Decco, now as the Decco 2 edition. The Decco 2 includes the ESS Sabre DAC, an improved preamp, improved headphone section and its still just \$799! In case you were worrying, you still have room for a Sonos ZP around back.

Complimenting the Nova, iDecco and Decco 2 you'll hear great sound through the Era and Peachtree lineup of superb speakers.

SIMAUDIO LTD.: Venetian Tower Suite 30-106

A New Year...A New Moon... Simaudio will be displaying their entire line of Moon and Moon Evolution series of high-performance, beautifully built, integrated amps, preamps, amplifiers, CD players, DAC's and Home Theater components. They will also be introducing several exciting new products at CES: the 750D DAC/Transport, featuring revolutionary 32-bit technology, 700i 175wpc integrated amp, 600i 125wpc integrated amp and 300D DAC featuring USB, S/PDIF & optical inputs. The Moon 750D and Moon 600i will be on active display.

STRAIGHT WIRE: Venetian Tower Suite 29-326

Straight Wire will be demonstrating their new premium bi-wireable Expressivo speaker cable, incorporating Compressed Conductor Technology (CCT) and Air Suspension Design. Also on display will be their highest performance level cables, the Virtuoso R, Virtuoso H and Crescendo II.

Don't forget to check out Straight Wire's tight space problem solving Swivel Head HDMI Cable. The Swivel Head HDMI are ATC and Simplay tested ensure consistent and reliable Category 2 performance, even when the connectors are rotated 90 degrees.

THIEL LOUDSPEAKERS: Venetian Hotel Bassano Suite 2601

THIEL will unveil three new products, one of which is a very exciting collaboration with Olive, a renowned manufacturer of high performance music servers, which will be demonstrated on site.

In homage to the late Jim Thiel, one demo room will be devoted to the ultimate in two-channel listening featuring a pair of our flagship model CS3.7s. A stereo pair of THIEL SmartSub®SS2s will be perfectly integrated via PX05 passive crossovers.

In the second demo room, THIEL will be unveiling our latest, soon to be released product, the Olive+THIEL, a high fidelity, two channel, all inclusive, digital music playback system that THIEL and project partner Olive are perfecting. The demo system includes the Olive4 digital music server loaded with standard and high resolution lossless music and two powered SCS4Ds, THIEL's popular bookshelf speaker with built-in 200W monoblock power amplifiers. The SCS4Ds and Olive4 are interconnected via zöet technology for the best possible sound quality.

THIEL will also be hosting a memorial reception honoring the life and life's work of Jim Thiel, on Thursday January 7th, 2010 from 6-9 PM (with comments at 7 PM) in the Casanova Room 601 of The Sands/Venetian, Las Vegas, Nevada.

TOTEM ACOUSTIC:

While Totem Acoustic will not have an exhibit space, several models of Totem Acoustic speakers will be featured in ARCAM's demonstrations.

Lucy Lentini, VP of Sales & Marketing and Stephen Libin, U.S. National Sales Manager will be on-site at ARCAM's suite to meet with dealers and answer questions.

WADIA: Venetian Tower Suite 30-236

Wadia's hugely successful 170i Transport continues to elevate the iPod listening experience. Debuting at CES, Wadia's new 171i Transport is sure to take the 170i's high-end iPod playback prowess to the next level. Joining the new 171i Transport will be the new 151 PowerDAC Mini, this \$1195 DAC/Integrated Amp debuted at CEDIA 2009 and features the same form factor as the 170i. Among its digital inputs, the 151 includes USB connectivity for computer-based music playback.

Wadia will also demo their newest CD players and DAC's and introduce the new S71 Reference CD player.

To arrange an appointment with our manufacturer partners, or for a printer-friendly version of this e-mail please call or email **Dawn** at our office.
